And the Winner
is...Operations!

How to Host a Site Cook-Off

- Choose a dish (chili, crawfish, BBQ, burgers, ice cream, baked beans, etc.)
- Put together a judging criteria for the dish.
- Recruit teams from the site departments.
- Have an anxiety attack because almost everyone waits until the last day to sign up for the cook-off!
- Put together your judging panel (generally from the Site Lead Team and Corporate Leadership).
- Secretly number teams for the blind judging.
- Collect the samples for the judges (in the correct order ;)
- Tally the totals and announce the winner who has the highest score overall.

Creative Signage!
