NAYGN has identified and would like to welcome Ronald McDonald House Charities of Augusta (RMHCA), a locally funded and operated non-profit 501(c)3 organization dedicated to enhancing the lives of children and their families by creating and supporting programs that directly improve the health and wellbeing of children. Ronald McDonald Houses act as a place to stay for families with hospitalized children who are receiving treatment, providing over 7,200 bedrooms to families around the world each night, with an estimated value of \$257 million in lieu of hotel costs. RMHCA not only helps families with lodging, they provide long-term benefit solutions through the RMHCA Scholarship Program.

NAYGN provides opportunities for a young generation of nuclear enthusiasts to develop leadership and professional skills, create life-long connections, engage and inform the public, and inspire today's nuclear technology professionals to meet the challenges of the 21st century. Fueled by volunteers, the organization has grown to include dozens of continental committees and more than a hundred local chapters facilitated by a board of directors affectionately known as The Core. This structure allows the organization to be flexible and serve a wide variety of members. The NAYGN membership spent hundreds of thousands of hours participating in activities to educate the public and also provide development opportunities at the local, regional, national and continental level.

Locally, the Vogtle Chapters help out the community throughout the CSRA by participating in STEM days at local schools with egg drop competition, spaghetti towers, penny boats, and nuclear chain reaction demonstrations. NAYGN volunteers at local festivals such as Good Boats, Cooking for Kids, the Greek Festival, and the Augusta Iron Man. Vogtle NAYGN provides many donations to help children in need during the holiday seasons with Child in Need and Angel Tree. They are also active in Ronald McDonald Charities and help serve dinner at the Ronald McDonald House as well as volunteering with the Augusta Plane Pull Event. The organization helps develop young professionals through opportunities to network at local restaurants, baseball games, recreational activities, and tours of local facilities like Savannah River Site and the Columbia Fuel Fabrication Facility. Members can participate in "lunch and learns" to hear about different aspects within engineering, finance, and the nuclear industry.

A personal note from your 2017 NAYGN Charity Golf Committee:

NAYGN would like to thank you in advance for your consideration in participating in this year's event. Last year's event raised \$15,673.10! It is the desire of this committee to have a memorable event for our **3rd Annual Vogtle NAYGN Charity Golf Tournament**. Please spread the word to any potential newcomers, and encourage others in the community who may be interested in participating. The golf, the fellowship and the food will be worth it.

If you have any questions, please don't hesitate to call or e-mail the committee at VogtleNAYGNGolf@gmail.com.

See You There!
