

POST CARD PUSH DAY

Sponsored by NAYGN

11.16.2017

What is PCPD?

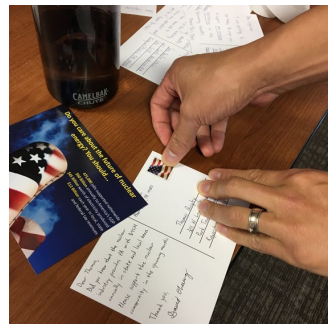

In an effort to make government officials aware of the growing support for nuclear energy, NAYGN sends thousands of post cards to officials at the local, state, and national level. NAYGN chapters from across the country put these post cards in the mail on the same day in order to LITERALLY flood the desks of our representatives! The message is clear: the people support nuclear energy!

Over 12,000 post cards mailed to date!
