It pops out and you put
nuclear powered energy
as a liquid and gets its power
to fly like that.

Nuclear trade

I drew an image of
some one working at
NASA building a rocket.
They will power the
rocket using a
radioisotope thermoelectric
generations (RTG)
They go to pluto and
discover aliens.

powering life

by using
nuclear power my
rocket will discover if there
are living things on planets

Hey NASA!

Nuclear Energy!

I'm very curious

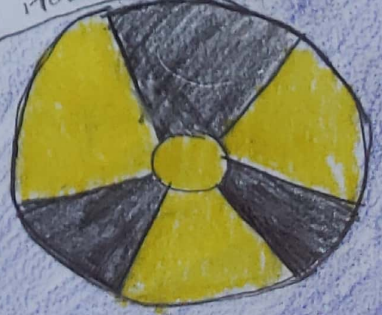

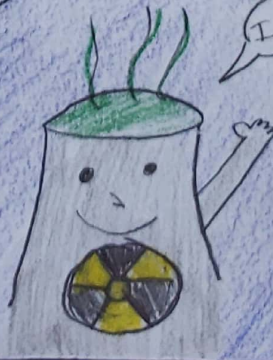

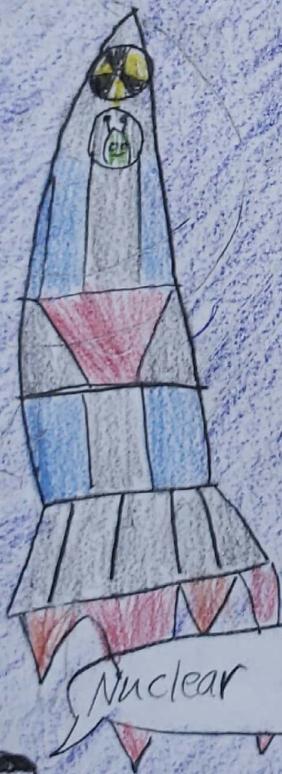

Nuclear is better than any other bed water!

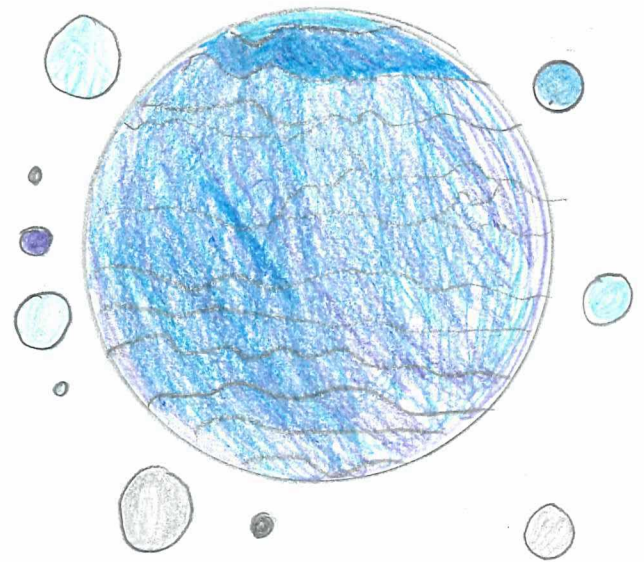

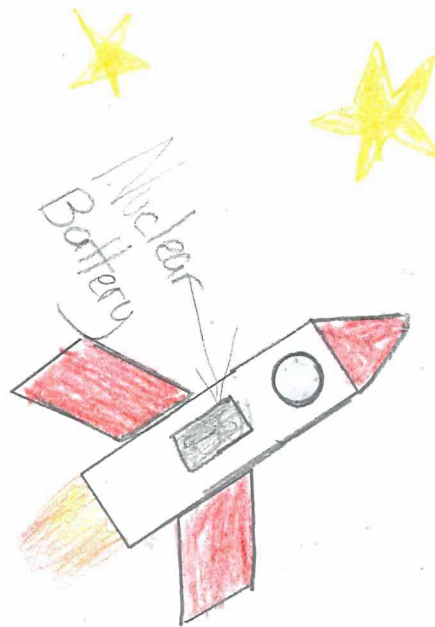

Let's Do This!

I'm Glad we left this here

Nuclear is the Best!!!

I'm proud of myself
