- Announcements and Reminders

Upcoming Core Meeting

- We want to hear from you!
- The NAYGN board of directors will meet on 12/1 to finalize the organization's 2019 strategic plan and develop our 2020-2024 vision.
- If there is a project or issue you would like to see NAYGN work on, we want to know!
- Reach out to NAYGN president, Christine Johnsen, at president@naygn.org, to share your thoughts.

PI Kits!

- Have you found it hard and time consuming to prepare presentations and activities for NAYGN outreach events?
- Take this survey [HERE](#) to receive a FREE NAYGN Outreach Kit!
- Within this kit, there are presentations for a variety of age levels, over 15 activity instructions to make outreach events fun/understandable, and most of the materials required for the Activities.
- Please respond to the survey by **November 30**
- Receive your outreach kit before the end of the year.
- If you have any questions or for more information please reach out to James Toolen at James.Toolen@ge.com
- Survey Link: <https://www.surveymonkey.com/r/OutreachKit>

PI Resource – Navigating Nuclear

- Website navigatingnuclear.com
- Partnership between the American Nuclear Society and Discovery Education
- Contains nuclear related information that we can use to present to classes and offer to educators to use.
- Currently targeted towards Middle School Students
- Has digital videos and lesson plans that anyone can use for free!
- [Discovery Education](#) has released a Virtual Field Trip of Palo Verde Generating Station
- Students are able to see what a nuclear power plant looks like from their classroom!

Atlantic/Northeast Regional Event

Thank you for attending the
2018 NAYGN North East & Mid-Atlantic
REGIONAL CONFERENCE

Key Takeaways From the Panel

“The industry is moving into an exciting time. Innovation and policy change will continue to drive the US nuclear industry to new highs. The NAYGN organization is a component of this growth and will continue to play an important role going into the future. During each facet of your career, take advantage of the opportunities to learn what your colleagues do and what is of value to them. You will be in a much better position to do your own work once you better understand those you are working with or for. Empathy is powerful.”

-Maria Korsnick
NEI

-Timothy Moore
Exelon

“Don’t be paralyzed by fear in your career; if you find something you are uncomfortable with, such as public speaking, seek out opportunities to hone that skill. Have a passion for excellence and continuous improvement. Begin with the end in mind and have the foresight to lay out a strategic path to achieving your goals.”

“The beautiful part of this industry has always been its dedication to collaboration and solving problems together. Whether it be the initiatives at a conference or local site, it’s great to see how NAYGN has fully embraced these longstanding qualities. The group brings a tangible energy to every event and they are primed to make an impact on the future of nuclear power.”

-Paul Tobin
Rolls Royce

-Daniel Stoddard
Dominion Energy

“Don’t get hung up on labels. Don’t try to be someone you are not based on others’ expectations. Do what works for you. Excellent leaders are true to themselves, leverage their own personal strengths, and emphasize character over style.”
