**The Atomic Mentoring Program Kickoff is July 18.**

This program is a partnership between NAYGN, American Nuclear Society Young Members Group and Nuclear Engineering Department Heads Organization. Young professionals are paired with a leader in the nuclear industry for 1-1 career discussions. In addition, the young professionals serve as mentors to students interested in joining the nuclear industry.

**Vice President Matthew Mairinger delivered plenary remarks at the 55th Japan Atomic Industrial Forum Annual Conference and toured Fukushima Daiichi.**

**Congratulations to our 2022 NucLEADer Cohort These individuals will receive 16 hours of communication training from the Dale Carnegie Institute and have small group discussions in Cohort Compacts.**
