What is NAYGN?

North American Young Generation in Nuclear (NAYGN) is a 501(c)(6) non-profit, all-volunteer professional organization committed to our mission of **“Developing Leaders to Energize the Future of Nuclear”**. For over 25 years, NAYGN has made a meaningful and lasting impact on the nuclear industry and the communities it serves. Our achievements are made possible through the generous support of our sponsors, which enables us to fund high-impact initiatives and sustain organizational excellence.

In 2024, our 145+ chapters contributed nearly **96,000 volunteer hours** across nuclear organizations, schools, local communities, and institutions. Through advocacy, outreach, and leadership development, our members champion the benefits of nuclear energy while preparing to lead the industry forward. Our diverse membership spans students, early-career professionals, supervisors, directors, and executives, all united by a shared commitment to growth and innovation.
