Rubric:

Category	NAYGN Pillar Alignment
5 – Models Exceptional Performance	Chapter held two or more events in support of each pillar of NAYGN (KT&R, Public Information, Professional Development, Networking). Chapter clearly structured each event to support the pillar in question. - Best performance would be individual events for each pillar (totalling 8 or more events) but events supporting multiple pillars will be accepted, as long as the pillar was clearly a focus.
4 – Significant Measurable Impact	Chapter held one event in support of each pillar of NAYGN (KT&R, Public Information, Professional Development, Networking). Chapter clearly structured each event to support the pillar in question. - Best performance would be individual events for each pillar (totalling 4 or more events) but events supporting multiple pillars will be acepted, as long as the pillar was clearly a focus.
3 – Meets Expectations	Chapter held multiple events but support for each pillar of NAYGN (KT&R, Public Information, Professional Development, Networking) was not clearly defined. - Example: chapter held multiple Public Information events but no Professional Development events.
2 – Meets Some but not All Expectations	Chapter held one event but support for each pillar of NAYGN (KT&R, Public Information, Professional Development, Networking) was not clearly defined. - Example: Chapter held one networking event.
1 – Needs Significant Improvement	Chapter held events that did not specifically support a pillar of NAYGN (KT&R, Public Information, Professional Development, Networking).

Category	Industry Engagement
5 – Models Exceptional Performance	Chapter engages industry members or experts to hold at least three events that allow members to learn about the nuclear industry and explore future opportunities.
4 – Significant Measurable Impact	Chapter engages industry members or experts to hold at least two events that allow members to learn about the nuclear industry and explore future opportunities.
3 – Meets Expectations	Chapter engages with industry members or experts to hold at least two events that allow members to learn about the nuclear industry.
2 – Meets Some but not All Expectations	Chapter engages industry members or experts to hold at least one event that allows members to learn about the nuclear industry.
1 – Needs Significant Improvement	Chapter does not engage with industry members or experts.

Category	Impact on the Greater School Community
5 – Models Exceptional Performance	Chapter held at least four inter-club/society or school/faculty events with a positive impact on their school community. The event(s) aligned with NAYGN's mission and values. Members of the student community recognized NAYGN's positive impact. Strategic inter-club/society partnerships were created or strengthened with NAYGN through the chapter's participation.
4 – Significant Measurable Impact	Chapter held at least two inter-club/society or school/faculty events with a positive impact on their school community. The event(s) aligned with NAYGN's mission and values. Members of the student community recognized NAYGN's positive impact.
3 – Meets Expectations	Chapter held at least one inter-club/society or school/faculty event with a positive impact on their school community. The event(s) aligned with NAYGN's mission and values.
2 – Meets Some but not All Expectations	Chapter only participated in at least one inter-club/society or school/faculty event, and NAYGN was not a major contributor. The event aligned with NAYGN's mission and values.
1 – Needs Significant Improvement	Chapter did not participate in inter-club/society or school/faculty events.
